# Installation Guide: Photoshop Brushes -Calligraphy Letters

Follow these simple steps to install and start using your new **Calligraphy Brushes** in Adobe Photoshop:

## Step 1: Download the Brushes

1. **Download the Brush File:** After purchasing, download the Photoshop brush file (.ABR) from the provided link or your confirmation email.

## Step 2: Open Adobe Photoshop

1. **Launch Photoshop:** Open Adobe Photoshop on your computer.

## Step 3: Install the Brushes

1. **Open the Brush Panel:** Go to the top menu and select **Window > Brushes** to open the Brushes panel.

Figure 1

2. **Access the Brush Library:** Click the **Brush Preset Picker** dropdown menu (located at the top of the Brushes panel) or click the gear icon in the Brushes panel for more options.

Figure 2

### 3. Load Brushes:

- Click on the gear icon or the **Import Brushes** option in the Brush Preset Picker dropdown.
- Navigate to the folder where you extracted the brush file (.ABR).
- Select the brush file and click **Open**.

Figure 3

### Step 4: Use the Brushes

1. **Select the Brush Tool:** Press **B** on your keyboard or select the **Brush Tool** from the toolbar on the left.

Figure 4

2. **Choose Your Brush:** Open the Brush Preset Picker from the top of the screen. Scroll through the list to find your newly installed calligraphy brushes.

Figure 5

3. **Adjust Brush Settings:** Customize the brush size, opacity, and flow using the settings in the Brush panel to suit your project needs.
4. **Start Creating:** Click on your canvas to start using the brush and create beautiful calligraphy.

## Step 5: Save Your Custom Settings (Optional)

1. **Save Brush Presets:** If you've customized the brush settings, you can save them for future use. Click on the **New Brush Preset** button in the Brush panel to save your customized settings.

Figure 6

## Troubleshooting Tips

- **Brush Not Showing Up:** Ensure the brush file was correctly extracted and the .ABR file is selected during the import process.
- **Photoshop Version Compatibility:** Verify that your version of Adobe Photoshop is compatible with the brush file. Most recent versions should work without issues.
- **Reset Brushes:** If you encounter any issues, you can reset the Brushes panel by clicking on the Brush Preset Picker dropdown menu and selecting **Reset Brushes**.

*Enjoy creating beautiful calligraphy with your new Calligraphy Brushes!*
